I saw an anti-aircraft artillery site in Prague. I believe this was a permanent emplacement. It was located on the north side of the city near the zoo. I saw three anti-aircraft guns there, each manned by a soldier; however, they were covered with canvas and I cannot estimate the caliber. The guns were placed in a triangle, 50 to 60 m. apart.

Annex A: Overlay of 0231-9981-1-25 ICM, showing location of area in which the anti-aircraft artillery site was observed.
